
“PV Market in Japan 2008/2009”

– *Current Topics and Future Prospects* – (November 2008)

Executive Editor: Osamu IKKI, President, RTS Corporation

We published an annual report on the Japanese Photovoltaic (PV) power generation market, mainly based on our monthly report “PV Activities in Japan and Global PV Highlights”, which has been published since 1995. This annual report provides a comprehensive overview of the PV market in Japan for better understanding of PV business opportunities and risks with graphs, charts and tables. If you are interested in our report, please fill out the order form on the reverse side and send via facsimile or e-mail to order@rts-pv.com.

Contents (tentative)

1 Overview of PV trends in Japan

2 PV Activities in 2007

more than 300 articles from
PV Activities in Japan by sector; government, utilities,
PV manufacturers

3 Installed capacity of PV system

- Installed capacity of PV system in Japan
- Residential PV system
- PV system for public and industrial facilities
- PV system by new energy support programs
- PV system installed by utilities

4 PV market in Japan

- Production of PV cell/ module
- Domestic shipment of PV cell/ module
- Export and import of PV cell/ module
- Production value of PV cell/ module
- Trends of the price of PV system
- Trends of production capacity
- Statistics of silicon market
 - Metallurgical silicon, polysilicon, silicon ingot and wafer for PV industry
- Structure of PV industry in Japan
- **Manufacturing flow and Key players (New)**

5 Overview and strategies of the PV and Si manufacturers

- Sharp
- Kyocera
- Sanyo Electric
- Mitsubishi Electric
- Kaneka
- Mitsubishi Heavy Industries
- Hitachi
- Honda Soltec
- Fuji Electric Systems
- TDK
- Kyosemi
- Showa Shell Sekiyu / Showa Shell Solar
- Matsushita Ecology Systems (Panasonic)
- MSK
- Fujipream

- Asahi Glass
- Kobe Steel
- Sekisui Jushi
- Kawasaki Plant Systems
- Clean Venture 21 (CV21)
- Yokasol
- Japan Solar Silicon (JSS)
- JFE Steel
- M.Setek
- Mitsubishi Materials
- Space Energy
- SUMCO
- OSAKA Titanium technologies
- Tokuyama

6 Public budgets and overview of initiatives for introduction of PV system

- Residential PV system Dissemination Program
- PV field test programs
 - Field Test Projects on Advanced PV Power Generation Technology and former programs
- Project for Promoting the Local Introduction of New Energy
- Project for Supporting New Energy Operators
- PV system installation project by Defense Facilities Administration Agency (DFAA)

7 Overview of the Code and Standards related to PV in Japan

8 Current topics of the PV activities in Japan

- **FY 2009 Budget request on PV power generation**
- **Fukuda Vision – In pursuit of Japan as a Low-carbon Society**
- **Outlook for Long-Term Energy Supply and Demand**
- **METI established new working teams for renewables**
- **Energy Innovative Technology Plan by METI**
- **Guideline for Green Power Certificate**
- **Overview of FY 2007 Field Test Projects on Advanced PV Power Generation Technology**
- **Local Authorities' Efforts on PV Power Generation**

APPENDIX: PV installations in Japan

Photographs and description of PV systems

RTS Corporation is a Japanese comprehensive consultancy exclusively engaged in photovoltaic (PV) power generation. Our research and investigation contribute to Ministry of Economy, Trade and Industry (METI), New Energy and Industrial Technology Development Organization (NEDO), National Institute of Advanced Industrial Science and Technology (AIST), Japan PV Energy Association (JPEA), leading PV cell/module manufacturers in Japan and overseas, major electric utilities, major silicon manufacturers, users of PV system and electric power equipment companies. Our monthly report “PV Activities in Japan and Global PV Highlights” has been acquiring an international reputation.

ORDER FORM

DD / MM / YY

Please fill in block letters.

Date: _____

First Name Prof. / Dr. / Mr. / Ms.		Family Name	
_____		_____	
Title			

Company / Organization			

Address			

City		State	
_____		_____	
Postal code		Country	
_____		_____	
Telephone		Facsimile	
_____		_____	
E-mail			

❖ **Order** : (Please check and fill the blanks)

- 1) Duplication of the publication (e.g., by printing, photocopying) for the benefit of third party is prohibited.
2) Circulation of the original printed version or the PDF version outside of your division of the organization is also prohibited.

I agree with the conditions and purchase Printed version with PDF file (74000 JPY)

*The price including *shipping cost*, ***not including Japanese consumption tax for Japanese companies**

Number of Copies _____ Total Amount _____ **JPY**

The sample issues of “**PV Activities in Japan and Global PV Highlights**” for 3 months (free of charge)*

* **Purchasers of “PV market in Japan 2008/2009” are eligible for sample issues.**

“**PV Activities in Japan and Global PV Highlights**”, which has been issued since August 1995, is covering the monthly trends of all PV-related sectors – the national government, local governments, utilities, PV cell/ module manufacturers, housing and PV-related industries, PV applications, non-profit organizations, etc.

❖ **Payment Options:**

Credit Card (VISA or Master Card)

***for international customers only**

Credit Card number	

Card Holder	

Expiry Date <month> <year>	Signature
_____/____	_____

Bank Transfer* (Customer is responsible for the bank transfer fee.)

* If you would like to pay through a bank transfer, we will send you the invoice with our bank account details.
