

# “PV Activities in Japan and Global PV Highlights”

– The most comprehensive monthly report specialized in PV of Japan –

Executive Editor: Osamu IKKI, President, RTS Corporation

RTS Corporation, a consultancy for Photovoltaic (PV) power generation, has been publishing “PV Activities in Japan and Global PV Highlights” since 1995. This monthly report provides comprehensive and current information of PV activities in Japan and global PV highlights. It covers the monthly trends of all the sectors related to PV in Japan – the national government, local governments, utilities, PV cell/ module manufacturers, housing and PV-related industries, PV applications, non-profitable organizations, etc. If you are interested in our report, please complete the order form on the reverse side and send via facsimile or e-mail with required information to [order@rts-pv.com](mailto:order@rts-pv.com).

## Contents

### ⊗ PV Highlights in Japan :

Summary of the national PV budget, trends of manufacturing capacity of Japan’s manufacturers, domestic PV conferences, R&D topics, summary of Japan’s PV programs and policy concerning PV, etc.

### ⊗ Global PV Highlights:

Global PV Highlights covers major PV conferences, exhibitions, trends of global PV production, trends of installed volume of PV systems in the world, etc.

### ⊗ Monthly PV Photo Gallery:

Interesting photographs of PV systems, recently installed in Japan and overseas with descriptions: residential PV systems, PV systems for public, commercial and industrial facilities, etc.

### ⊗ Topics from Japan :

- Articles of the national and local governments, research institutes, utilities, PV suppliers including silicon feedstock producers, PV cell/module manufacturers and housing makers and other related industries, NPOs, etc.
- Trends of production capacity and overseas deployment by major PV manufacturers in Japan

### ⊗ Topics from the World :

- Concise and Comprehensive- Topics from Global PV industry; *New Entry, New Business/ Technologies Entry, Expansion of Sites, Expansion of Production Capacity, Joint Venture/ Business Partnership, M&A, Order/ Supply Agreements, Financing*
- Production capacity expansion of polysilicon manufacturers

RTS Corporation is the consulting company for government’s/ industries’ photovoltaic-related activities in Japan. Our research and investigation contribute to Ministry of Economy, Trade and Industry (METI), New Energy and Industrial Technology Development Organization (NEDO), National Institute of Advanced Industrial Science and Technology (AIST), Japan PV Energy Association (JPEA), leading PV cell/module manufacturers in Japan and overseas, major electric utilities, major silicon manufacturers, users of PV system and electric power equipment companies. Our reports have been acquiring an international reputation.
